City of Columbus / Department of Development / Planning Division
Summer 2009

City of Columbus
Michael B. Coleman *Mayor*
Department of Development
Boyce Safford III, *Director*
Planning Division
Vince Papsidero, AICP,
Administrator

The Columbus Planning Division is pleased to announce the creation of the Columbus Planning Facebook Page. We look forward to reaching additional audiences through this popular networking medium. Our goal is to create more of an interactive presence for community members that don't have the time to attend public meetings or workshops, but still want to provide their input to our planning processes.

On the Columbus Planning Page are provided links to the Facebook Pages for various area plans and commercial overlay projects. The staff will provide updates when new planning projects take place. In addition, more timely feedback will be provided on the progress of individual plans and projects.

For the Greater Hilltop Plan Amendment that is currently underway the staff will post results from public workshops soon after they take place.

The Facebook logo, consisting of the word "facebook" in white lowercase letters on a blue rectangular background.

In addition the staff will be utilizing online surveys on Facebook and posting the survey results in a timelier manner. Most importantly, through Facebook's discussion capabilities, the Planning Division will be able to engage community members in an open dialogue on the existing issues and recommendations for each planning project.

Planning Matters is published as a service to the Planning Division's clients.

For further information or to be placed on the email distribution list, please call 614-645-8036 or email ljpoulton@columbus.gov.

When in Facebook, search "Columbus Planning" (you must be signed up with Facebook to access the Facebook site). Please check us out and become a Fan of Columbus Planning! A small icon of a speech bubble with a plus sign inside, used for sharing on Facebook.
